## NATIONAL SEMINAR CUM ANNUAL CONFERENCE

Nov. 10-12, 2022

### Prospects and Potential of Small Ruminants Production for Enhancing Income under Changing Scenarios

#### ICAR-CSWRI

The CSWRI is a premier institute of ICAR engaged in research, training and extension activities on sheep and rabbits. It was established in 1962 at Malpura in Rajasthan. Now campus is popular by the name of Avikanagar. It has three Regional Research Centres in different climatic zones of the country to develop region specific technologies, located at Garsa (HP), Mannavanur (TN) and Bikaner (Raj). The Institute has developed prolific sheep Avishan, Avikalin for carpet wool production and Bharat Merino sheep for fine wool production.

#### ISSGPU

The Indian Society for Sheep and Goat Production and Utilization, established in the year 1982, is a group of an active member of professional, researchers, Veterinarian and policymaker, which is engaged in the research and development of the sheep and goat production in the country. The ISSGPU supports the spread of the latest research and technological advancements in the country through conducting national seminar and conferences. The registered office of the society is located at the CSWRI Avikanagar, Rajasthan. The Indian Journal of Small Ruminant is the official journal published by the society both in print media and online version.

## Objective

To assess the emerging challenges and opportunities for enhancing small ruminants production under changing scenarios like COVID-19 epidemic, climate change, higher interest of younger generation in small ruminants rearing, high returns to farmers, etc. and suggest innovative measures with prime focus on enhancing the income from small ruminants production under different management systems.

## Themes

- Breeding and Production Strategies
- Small Ruminants Feeding Strategies
- Health and Diagnostics Approaches
- Reproduction, Adaption & Physiology
- Post-Harvest Technologies & Value Addition in Wool, Meat and Milk

## Scientific programme

Invited lectures from the renowned experts in their respective field will present the insights covering all areas of the small ruminant sector. It will be followed by industry-academia interface and scientific oral and poster sessions.

## Panel discussion

Panel discussion cum round table conference for stakeholders including wool processors and merchants, entrepreneurs, start-ups, progressive farmers, scientists and academia

Entrepreneurship and startup's in small ruminant production  
Expert talks from successful entrepreneurs  
Networking opportunities for your start-up  
Funding source information

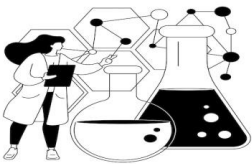

## Expected outcome

Recommendations for addressing the various issues raised in the Seminar will be made available to policy planners. Further, different strategies for enhancing the small ruminants productivity and product utilization will be framed for stake holders.
